

Health Plan Management Services Sample 600 life group

1/1/2010 to 6/30/2010

Savings & ROI

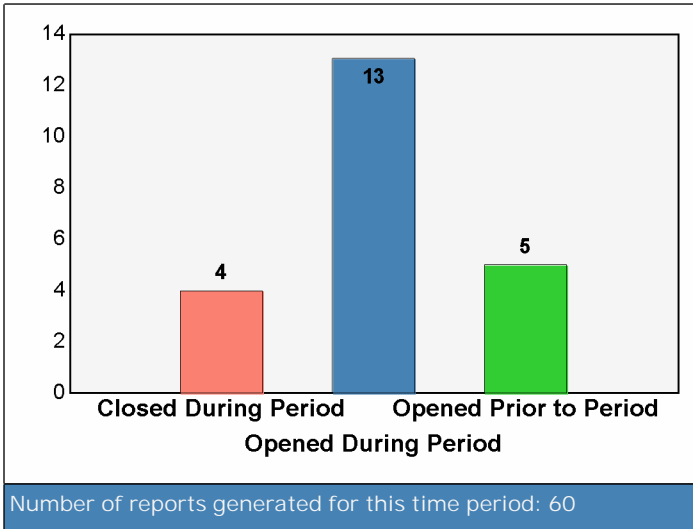

Precertification Savings: \$16,555

Savings are plan costs avoided because of Corporate Care Management's intervention.
ROI is calculated based on CCM savings in ratio to Plan Cost for CCM professional services.

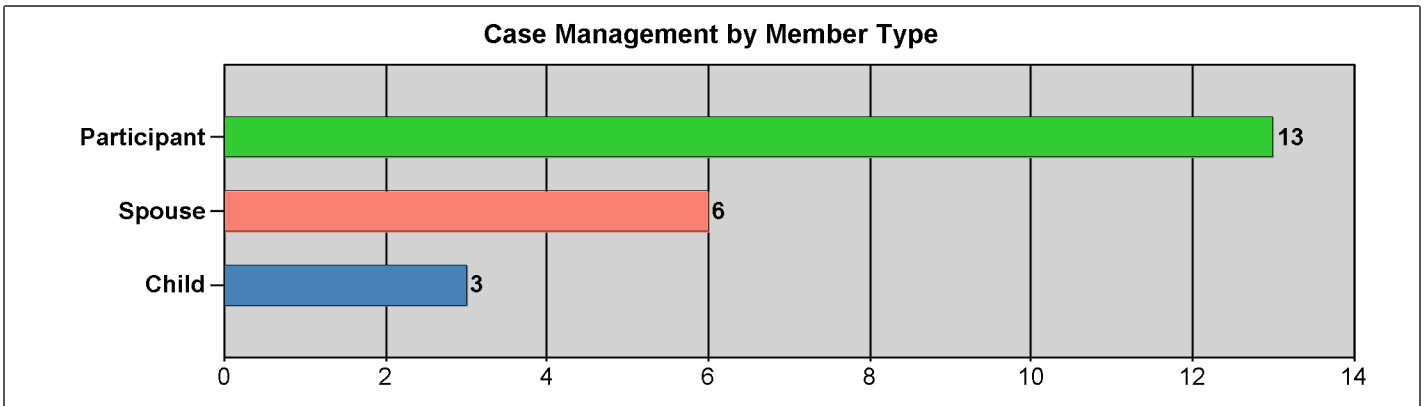

Precertification Savings is calculated for inpatient care based on the following formula for length of stay facilities. Number of Admissions x 1.4 days x \$2,365.
